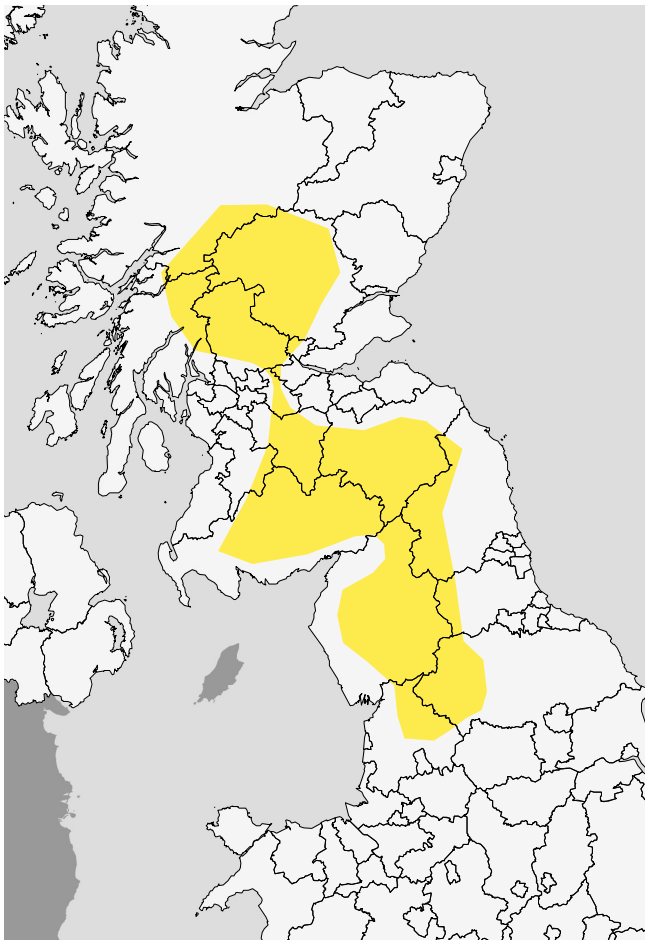
Yellow warning
Snow

Between
11:00 Tue 26 Jan 2021 and
23:59 Tue 26 Jan 2021



Hill snow may lead to some travel disruption, the most prolonged hill snow coming north of the Central Belt in Scotland.

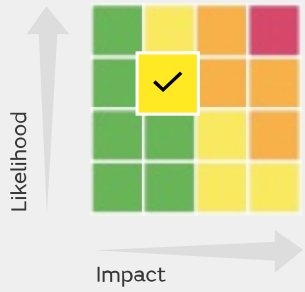
What to expect

- Some roads and railways likely to be affected with longer journey times by road, bus and train services

Further details

A spell of hill snow will develop during Tuesday late morning and afternoon.

Over northern England and southern Scotland, snow will initially fall down to approximately 200-300 m before gradually becoming confined to areas above 400 m during course of the afternoon. Here, accumulations will be mainly above 300 m where 2-5 cm snow is likely for some and above 400 m 5-8 cm is possible in a few places.



Medium likelihood of low impacts

Issued at 10:58 Mon 25 Jan, 2021
